

WELCOME TO THE MARBLE BAR

At The Marble Bar we love working with cold infusions and making our own liquors and syrups instead of buying pre-made ingredients. NOI cares about the environment – WE SHOW THAT by keeping our waste to A miniMUM and repurposing our ingredients to make delicious cocktails

We believe that straws are A thing of the past - if you still need one you are more than welcome to ask for 100% bio degradable straws

We believe that we can make the environment better by one cocktail at the time
