

WELCOME TO THE MARBLE BAR

At The Marble Bar we love working with cold infusions and making our own liquors and syrups instead. "The Marble Bar" cares about the environment – we show that by keeping our waste to A minimum and repurposing our ingredients to make delicious cocktails.

We believe that straws are a thing of the past - if you still need one you are more than welcome to ask for 100% bio degradable straws.

We believe that we can make the environment better by one cocktail at the time.
